Action Taken Report on Student feedback

Feedback from students is compiled, analysed and accordingly various measures are initiated as follows:

Name of the Stakeholder	Feedback Received	Action Taken
Student	Emphasize on extensive practical knowledge of core subjects.	Students are encouraged for project based learning through mini projects and various project competitions.
	Need industry training related contents in the syllabus of courses like AI & Deep Learning.	Conveyed to BoS of computer engineering through HoD meetings.
	Skill enhancement sessions need to be organised.	Institute conducts various activities such as STPs, Spoken Tutorial, Vlab to enhance technical as well as non-technical skills. In addition, institute initiated training on Full stack and Advanced Java in collaboration with Pathfortune Pvt. Ltd(A Skill India & NSDC authorised training partner). Furthermore, activities in association with IIRS are also conducted.
	Arrange more industry/site visits.	Industry visits are arranged to sightsee industry environment
	Cutting-edge design-based software training should be added.	Value addition programs on latest technologies such as Cloud services and security in AWS, Data science with Python and Introduction to Finite Element Analysis were conducted for students. Institute initiated training on Full stack and Advanced Java under MoU with Pathfortune Pvt. Ltd(A Skill India & NSDC authorised training partner).
	Introduce latest programming languages/technologies in the curriculum.	Conveyed to BoS of every engineering branch through HoD meetings
	Create awareness among students on higher studies and competitive exams	Students are encouraged for higher studies and other competitive exams. Various guest lectures/expert sessions are arranged about Higher studies, Entrepreneurship and competitive exams.
